VICTORIA, B. C.

IN AFFILIATION WITH THE
UNIVERSITY OF BRITISH COLUMBIA

Calendar

1944-45

ISSUED BY THE VICTORIA BOARD
OF SCHOOL TRUSTEES

IMPORTANT NOTICES

According to the regulations of National Selective Service any physically fit male student

1. who refuses to enrol in the University Air Training Corps, or the Canadian Officers' Training Corps, or

2. who fails to perform therein the required training, or

3. who fails to pass any term or yearly academic examination, unless such failure is considered to be due to circumstances beyond his control, shall be reported to the Divisional Registrar and shall be called out forthwith.

All medically fit women students are required to devote at least one hour a week to physical training. Particular attention is given to activities which assist in an all-round physical development. The women's activities are basketball, dancing, gymnastics, group games, light apparatus and volley ball. Lectures and demonstrations on bearing, walking, posture, dress and other aspects of personal appearance are included.

No student with more than three (3) units outstanding shall be permitted to register.

As the College Session is short, the student must be prepared to do intensive work from the first day of the Session to the last. Unless the student adapts himself to these conditions, his chances of success are slight.

The Principal and Staff are most willing at all times to give direction or advice, but the ultimate responsibility in the selection of courses rests with the student.

Regulation of the Board of School Trustees of Victoria forbidding Hazing and other Unauthorized Activities.

In any public school or college of the City of Victoria established and maintained under the provisions of the School Act or on the grounds of any such public school or college the following are forbidden:

1. Hazing.
2. Any act by any pupil or student attending any of the above mentioned schools or college or by any one at all causing injury or likely to cause injury to any person or damage to school property.

Any pupil or student violating the above regulation will be liable to immediate expulsion.

Victoria College is governed by the regulations of the University of British Columbia, of which the official statement is the University Calendar: this calendar is a digest of such regulations.

Students are warned not to assume that regulations remain unchanged from year to year. They should note the regulations and outlines of courses as they appear in this Calendar.

Application for admission should be made as early as possible after August 14th, 1944, at the office of the Registrar, Victoria College. Out-of-town students may register by mail. Students registering for the first time must present their University Entrance (Junior Matriculation) Certificates.

VICTORIA COLLEGE

In Affiliation with the University of British Columbia

THE purpose of Victoria College is to give students of Victoria City, adjacent municipalities, and Vancouver Island generally, an opportunity of receiving instruction in the first two years in the Arts and Science course (including Commerce) and in the First Year of Applied Science as prescribed by the University of British Columbia. Students attend classes on the same curriculum as obtains at the parent University; they are submitted to the same tests and examinations, and may proceed directly to their next year in the University of British Columbia, or in any other University which accepts the certificates of the University of British Columbia.

In 1894, by Act of the Provincial Legislature, High Schools of the Province were permitted to affiliate with recognized Canadian Universities.

Victoria High School, in 1902, became affiliated with McGill University in order to provide First Year work in Arts, and that part of

the institution offering classes beyond Junior Matriculation became Victoria College. In 1907 the College undertook the work of the Second Year in Arts.

In 1906 the Provincial Legislature passed an Act incorporating the Royal Institution for the Advancement of Learning of British Columbia. This Institution, in the same year, established at Vancouver the McGill University College of British Columbia. In the following year Victoria College became a part of McGill University College.

In 1908 an Act was passed establishing and incorporating the University of British Columbia, and in 1915, upon the opening of the University of British Columbia, Victoria College, as a part of McGill University College, ceased to exist.

In 1920 Victoria College was re-established, with its present affiliation with the University of British Columbia.

The College building is situated near the junction of Yates and Fort Streets, within a few minutes' walk of the street cars, and commands the most beautiful views of the City of Victoria, of Juan de Fuca and Haro Straits, and of the Olympic Mountains and Mount Baker, in the State of Washington.

THE STAFF

- John M. Ewing, B.A. (Queen's), D.Paed. (Toronto)**.....Principal
Associate Professor of Philosophy and Psychology
- E. Stanley Farr, B.A., LL.B. (Toronto), Assistant to the Principal.**
Assistant Professor of Economics
- Jeffree A. Cunningham, B.A. (Queen's)**.....Registrar
Assistant Professor of Biology and Zoology
- Miss H. Ruth Humphrey, B.A. (Mt. Allison), M.A. (Oxon),**
Assistant Professor of English.
- William Robbins, M.A. (Brit. Col.), Ph.D. (Toronto),**
Assistant Professor of English.
- George P. Black, M.A. (Man.), Assistant Professor of**
Classics and Librarian.
- W. Harry Hickman, M.A. (Brit. Col.), Assistant Profes-**
sor of Modern Languages.

ACADEMIC YEAR 1944-45

1944

- Monday, August 14th,—Office opens for registration.
- Tuesday, September 5th—Supplemental Examinations begin.
- Tuesday, September 12th—Last day for registration.
- Friday, September 15th—Session begins (organization).
- Monday, September 18th—Lectures begin.
- Monday, September 25th—Last day for change in Students' Courses.
- Monday, October 9th—Last day for payment of first instalment of fees.
- Saturday, December 16th—End of First Term.

1945

- Wednesday, January 3rd—Second Term begins.
- Thursday, April 12th—Last day of Lectures.
- Saturday, April 14th—Sessional Examinations begin.

GENERAL INFORMATION

The Session

The College Year or Session is divided into two terms. The first begins on Friday, September 15th, 1944, and the second on Wednesday, January 3rd, 1945.

Courses of Study

For the Session 1944-45 the College offers instruction in the first two years of the Faculty of Arts and Science (including Commerce), and in the first year of the Faculty of Applied Science, leading to the degrees of Bachelor of Arts, Bachelor of Commerce and Bachelor of Applied Science.

By a proper selection of First Year courses in Arts and Science, students may equip themselves to enter the work of the second year, at the University, of the Combined Course in Nursing and Health and of the Double Course in Arts and Science and Nursing and Health. A suitable selection of courses in the first two years of Arts and Science will enable students to continue, without loss of time, the work in Agriculture at the University.

Courses preparatory to Medicine, Home Economics, etc., are given in so far as the curriculum applies.

Board and Residence

A list of approved boarding-houses which receive men or women students, but not both, may be obtained from the Registrar. Men and women students are not permitted to lodge in the same house, unless they are members of the same family, or receive special permission from the Faculty.

ADMISSION TO THE COLLEGE

All inquiries for admission to the College should be addressed to the Registrar.

Except under special circumstances, no student under the age of sixteen is admitted to the College.

Candidates for admission to the courses in the First Year are required to pass the University Entrance (Junior Matriculation) Examination of the Province of British Columbia, or to submit certificates showing that they have passed an equivalent examination elsewhere.

Students who have passed the Senior Matriculation Examination are admitted to the work of the Second Year in the Faculty of Arts and Science.

Students who have partial Senior Matriculation standing, obtained in 1927 or subsequently, will be granted credit in the First Year in each subject in which they have made 50 per cent. or over, or in each paper in which they have made 50 per cent. or over, in so far as these papers correspond with those of the First Year. Students over eighteen years of age with full "Normal Entrance" standing who hold Normal School certificates are admitted to the College as having full University Entrance standing.

REGISTRATION

Those who intend to register as students of Victoria College for the session 1944-45 are required to make application to the Registrar before Tuesday, September 12th on forms to be obtained at the Registrar's office.

There are three classes of students.

(a) **Full Undergraduates**—Students proceeding to a degree who have passed all the examinations precedent to the year in which they are registered.

(b) **Conditioned Undergraduates**—Students proceeding to a degree with defects in their standing which do

not prevent their entering a higher year under the regulations governing "Examinations and Advancement."

(c) **Partial Students**—Students not belonging to one of the two preceding classes.

Partial students are not normally required to pass an examination for admission, but, before registering, they must produce a certificate showing that they have satisfied the Principal and the Heads of the Departments concerned that they are qualified to pursue with advantage the course of study which they propose to undertake.

Students living out of town may register temporarily by mail on forms obtainable at the College, provided they complete their registration by the opening day. All other students are required to attend in person at the office of the Registrar between Monday, August 14th, and Tuesday, September 12th, to furnish the information necessary for the College records, to register for the particular classes which they wish to attend, and to sign the following declaration:

"I hereby accept and submit myself to the statutes, rules, regulations and ordinances of Victoria College and of the Faculty in which I am registered, and to any amendments thereto which may be made while I am a student of the College, and I promise to observe the same."

In the information furnished for the College records, students are requested to state what church they propose to make their place of worship. This information is available for any of the city churches desiring it.

Students registering for the first time must present the certificates which constitute their qualifications for admission to the course of study for which they wish to register.

A student desiring to make a change in the course for which he has registered must apply to the Registrar for a "change of course." Except in special circumstances, no change will be allowed after September 25th. If the application is approved by the

Departments concerned, the Registrar will give the necessary notification.

A student who at any time wishes to discontinue a subject, or to withdraw from the College, must give notice of his intention at the Registrar's Office.

ATTENDANCE

Students are required to attend at least seven-eighths of the lectures in each course that they take. Admission to a lecture or laboratory and credit for attendance may be refused by the Instructor for lateness, misconduct, inattention or neglect of study. Absence consequent on illness or domestic affliction may be excused only by the Principal, and medical certificates or other evidence must be presented immediately to the Registrar on return to College work. In cases of deficient attendance students may (with the sanction of the Principal and Head of the Department concerned) be excluded from the Christmas or the final examination in a course; but, in the case of a final examination, unless the unexcused absences exceed one-fourth of the total number of lectures in a course, such student may be permitted to sit for supplemental examination.

The College week is from Monday to Saturday inclusive, and lectures and laboratories may extend from 8 a.m. to 6 p.m.

FEEES

All fees are payable at the office of the Registrar, Victoria College. Cheques should be made to the order of the Registrar, Victoria College. Arrangements for paying fees in instalments are described in the next section. The fees quoted below do not include cost of text-books, personal expenses, etc.

For students doing 15 units (complete course) or more during the session:

Tuition Fees	\$120.00
Alma Mater and Incidental Fees.....	8.00
Total.....	\$128.00

For students doing less than 15 units during the session (partial students):

Fee for each 3-unit course... ..\$30.00

Alma Mater and Incidental Fees..... 8.00

Special and Night Class Students:

The same as for partial students, except that the Alma Mater and Incidental Fees are not collected.

The Alma Mater Fee is turned over to the Students' Council for the support of student organizations, athletics, and social functions. The Incidental Fee covers damages to buildings and furniture, use of special materials in the laboratories, replacement of library books, etc. Should the sum collected be insufficient, a second amount may be collected from each student.

PAYMENT OF FEES

Fees may be paid by either of the plans described below. Parents or guardians of students are required to state at the time of registration which plan they propose to adopt. **In the event of default of payment at any time under either plan, students will be excluded from classes, and will not be re-admitted until all outstanding fees have been met.**

First Plan: Fees payable in two instalments. The first, consisting of one-half the Tuition Fee plus Alma Mater and Incidental Fees, must be paid not later than Monday, October 9th, 1944. The second, consisting of the balance of the Tuition Fee, must be paid not later than January 9th, 1945. For students taking a full course (15 units) the payments under this plan are \$68.00 and \$60.00 respectively.

Second Plan: Fees payable in one cash payment and five monthly payments. The cash payment, consisting of one-sixth the Tuition Fee together with the

Alma Mater and Incidental Fees must be paid by October 9th, 1944. The balance of the Tuition Fee must be paid in instalments on the 9th day of November, December, January, February and March respectively. For students taking a full course (15 units) the first payment under this plan is \$28.00 and each of the following five payments is \$20.00.

SPECIAL FEES

Special Examinations (per paper).....	\$7.50
Regular Supplemental Examinations (per paper)	5.00
Re-reading of Examinations (per paper).....	2.00
These fees must be paid in advance.	

SCHOLARSHIPS AND PRIZES

First Year Students in Applied Science and Second Year Students in Arts and Science who are proceeding to a course of study in the University of British Columbia should note the page of the Calendar of that Institution concerning the Khaki University and Young Men's Christian Association Memorial Fund Bursaries.

THE DOMINION-PROVINCIAL YOUTH TRAINING BURSARIES

Under the Dominion-Provincial Youth Training Programme a sum of money has been set aside to aid University students who can offer proof of scholastic ability and financial need.

Applications may be filed under one of the following sections:

SECTION I.

Regular students in any year, in any Faculty, who are not eligible under either Section II. (a) or Section II. (b).

SECTION II. (a)

Regular students (but not First Year students) who are proceeding to degrees in Engineering, Science (Physics or Chemistry), Medicine, Dentistry, or Nursing.

SECTION 11. (b)

The National Selective Service, in co-operation with the Dominion-Provincial Youth Training Programme, has established a special bursary fund to assist First Year students with special ability in Mathematics and Science (particularly in Physics) who would not be able to attend the University without some measure of financial assistance.

Application forms may be secured from Colonel F. T. Fairey, Director of Technical Education, Victoria, B. C., to whom they must be returned by September 1st, 1944.

ROYAL INSTITUTION AND FRANK EATON MEMORIAL SCHOLARSHIP—Fifty dollars (\$50) awarded to the student taking the highest standing in the English of the second year.

ALLIANCE FRANCE LIBRE PRIZE—Twenty-five dollars (\$25) awarded to the student in the second year who has made the most progress in French and who intends to continue university work in this subject.

DAVID SPENCER, LTD., SCHOLARSHIP—One hundred dollars (\$100) awarded to the first year student taking the highest standing in Mathematics and continuing the course in the second year at Victoria College.

KIWANIS SCHOLARSHIP—One hundred dollars (\$100) awarded to a man student completing the first year and entering the second year at Victoria College. Selection of the recipient to be made by the Kiwanis Club of Victoria in conference with the College Faculty.

QUITA NICHOL BURSARIES—Two hundred dollars (\$200) donated annually to Victoria College by Mrs. W. C. Nichol, to provide scholarships in first and second year French. Two prizes of \$100 and \$50 respectively will be awarded in the first year, and one prize of \$50 in the second year. These prizes are normally awarded on merit, but, if necessary, special circumstances may be taken into consideration. Students must continue at Victoria

College for their second year or the University of British Columbia for their third year.

UNIVERSITY WOMEN'S CLUB SCHOLARSHIP—One hundred dollars (\$100) awarded to the woman student taking the highest standing in her first year, and continuing her course in the second year at Victoria College or at any other university, provided the course desired is not available at Victoria College. When a student wishes to attend a university outside Canada, the reasons for such attendance should be submitted to the Executive of the University Women's Club for approval.

THE KATHLEEN AGNEW SCHOLARSHIP—One hundred dollars (\$100) donated for the purpose of stimulating the study of the History of Canada.

HUDSON'S BAY COMPANY SCHOLARSHIP—One hundred dollars (\$100) awarded to the student taking the highest standing in Economics 1, and continuing his university studies without interruption.

SIDNEY ROOFING AND PAPER COMPANY SCHOLARSHIP—One hundred dollars (\$100) awarded to the leading student of the second year, on condition that he continues his university studies without interruption in the third year.

THE CANADIAN LEGION, B.E.S.L., (VICTORIA, B. C.) SIR PERCY LAKE MEMORIAL SCHOLARSHIP—One hundred and fifty dollars (\$150) to be awarded annually to a worthy student of Victoria College on the recommendation of the Faculty. To be eligible, a student must be a veteran of the present war, or a son or daughter of a veteran of this or the last war, and must continue his or her studies.

THE BRITISH COLUMBIA ELECTRIC RAILWAY COMPANY, LIMITED, SCHOLARSHIP—One hundred dollars (\$100) awarded to the student with the highest standing who is proceeding, without interruption, to the Second Year of Applied Science

The following scholarships are open to students who have completed University Entrance and are proceeding to Victoria College:

CECILIA GREEN MEMORIAL SCHOLARSHIP

—One hundred dollars (\$100) awarded to the first ranking student from Victoria High School in the University Entrance Examinations who has not already merited another reward. The recipient must attend Victoria College or the University of British Columbia.

VICTORIA WOMEN'S CANADIAN CLUB SCHOLARSHIPS

— (1) One hundred dollars (\$100) awarded to the female student resident in Victoria District (Vancouver Island south of the Malahat) and attending a Public High School who makes the highest standing in the University Entrance Examination, held in June, and registering for a full first year course in Victoria College, or the University of British Columbia, the following September. (2) One hundred dollars (\$100) awarded to the male student resident in Victoria District making the highest standing in the same examination and under the same conditions. Should the student, in either case, be awarded a scholarship from any other source, the Club Scholarship shall then revert to the student having the next highest standing.

UNIVERSITY AND ROYAL INSTITUTION SCHOLARSHIP FOR UNIVERSITY ENTRANCE, VICTORIA DISTRICT

—One hundred and seventy-five dollars (\$175) awarded for general proficiency in the University Entrance Examination. The winner must attend either the University of British Columbia or Victoria College.

I.—COURSES LEADING TO DEGREE OF B.A.

(Four-year course, two years of which may be taken at Victoria College)

First and Second Years

1. The work of the first two years consists of 30 units, 15 of which must be taken in each year.

Each student must take:

	Units
(a) English 1 in the First Year and English 2 in the Second Year.....	6
(b) The first two courses in a language offered for University Entrance, one course in each year	6
(c) Mathematics 1, in the First Year.....	3
(d) Economics 1 or 2, or History 1 or 2 or 3, or Psychology A or 1, or Philosophy 1, or Sociology 1	3
(e) Biology 1, or Chemistry A, or Chemistry 1, or Physics A, or Physics 1.....	3
(f) Three courses, not already chosen, selected from the following: Biology 1, Chemistry A, Chemistry 1, Chemistry 2, Economics 1, Economics 2, Economics 10, French 1, French 2, Beginners' German, Greek A, Greek 2, History 1, History 2, History 3, Beginners' Latin, Latin 1, Latin 2, Mathematics 2, Mathematics 3, Philosophy 1, Physics A, Physics 1, Psychology A, Psychology 1, Sociology 1, Zoology 1.....	9

Note.—History 2 is open to First Year students only if they are preparing for entrance to Normal School. Psychology 1, Philosophy 1, Sociology 1, Zoology 1, Economics 1 and Economics 10 are not open to First Year students.

2. Students who have not presented Latin for University Entrance may fulfil the language requirements for the degree by taking Beginners' Latin, to be fol-

lowed by Latin 1 and Latin 2. They must complete 63 units for graduation. The extra three units may be taken in any year.

3. Greek A (which may be taken by students having no previous knowledge of Greek), followed by Greek 2, will be accepted as satisfying the Language requirements in the case of students who have presented Latin for University Entrance.

4. No student in his first year may elect more than one beginners' course in a language, and no beginners' course in a language will count towards a degree unless followed by a second year's work in that language.

5. Except in the case of beginners' courses, no course in a language may be taken by a student who has not offered that language for University Entrance. A beginners' course in a language may not be taken for credit by a student who has obtained credit for that language at entrance.

6. A student taking three languages in the first two years (18 units) may defer the course selected under (e) above until the Third or Fourth Year. A student taking four science courses (12 units) may defer the course selected under (d) to the Third or Fourth Year.

7. Students offering four science courses (12 units) in the First and Second Years may fulfil the language requirement indicated above in section 1 (b) by taking any two of the following: French 1, French 2; Beginners' Latin, Latin 1, Latin 2; Beginners' German; Greek A, Greek 2. Only one beginners' course may be selected.

8. Students offering six science courses (18 units) in the First and Second Years may postpone the second course in a language under section 7 until the Third or Fourth Year.

9. Students who intend to teach High School work, and consequently will be obliged to take the Teacher Training Course after graduating, are advised to take Psychology 1 in the Second Year. Psychology 1 must be taken as an undergraduate course by such students.

II.

COURSES LEADING TO THE DEGREE OF B.A.Sc. (APPLIED SCIENCE)

(Five-year course, one year of which may be taken at Victoria College)

First Year

For admission to the Faculty of Applied Science the course in Physical Sciences in University Entrance is required.

Students register in Arts and Science and take the following courses: English 1, Mathematics 1, Chemistry 1, Physics 1, French 1 or Beginners' German or Latin 1.

For admission to the Second Year of Applied Science the passing grade is 60 per cent. in Mathematics, Chemistry and Physics, and 50 per cent. in other subjects.

No student with any supplemental outstanding will be admitted to the Second Year of Applied Science.

III.

COURSES LEADING TO THE DEGREE OF B.Com. (COMMERCE)

(Four-year course, two years of which may be taken at Victoria College)

First and Second Years

Students must take:

First Year—

A course in First Year Arts and Science or the equivalent.

Second Year—

(a) English 2.

- (b) Mathematics 2 or 3, or an additional course in the language taken in the First Year. Students who contemplate taking advanced work in Statistics should take Mathematics 2 or 3.
- (c) Economics 1.
- (d) Economics 10 (Commerce 5).
- (e) Commerce 1.

A 60 per cent. standing in both Economics 1 and Commerce 1 will be required of all students proceeding to their Third Year.

In view of the importance which rightly attaches to the capacity for adequate and clear expression in writing, regulation 12, on page 27 of the Calendar, will be rigidly enforced at the end of the Second Year, and reasonable legibility in handwriting will be insisted upon.

DOUBLE COURSE FOR THE DEGREES OF B.A. AND B.A.Sc.

(Six-year course, two years of which may be taken at
Victoria College)

The requirements for the first and second years are as set forth for the first and second years of Arts and Science except as follows:

1. Physics 1 and Chemistry 1 must be taken. The passing grade for each of these subjects is 60 per cent. (The passing grade for Mathematics 1, English 1, and French 1 or Latin 1 is the same as that demanded for admission to the Second Year of Applied Science, page 19.) Students are recommended to take Mathematics 2b (Calculus).
2. Chemistry 2 (except for Forestry) and Mathematics 2a may not be taken except as extra subjects. These are covered later in Applied Science.

COURSES IN NURSING AND HEALTH

1. The Combined Undergraduate Course (University and Hospital) is a five-year course leading to the degree of B.A.Sc. (Nursing) and the Diploma in Nursing of an associated hospital.

2. The Double Course in Arts and Science and Nursing and Health is a six-year course, leading to the Degrees of B.A. and B.A.Sc. (Nursing).

One year of either of the above courses may be taken in Arts and Science at Victoria College. The requirements for this year's work are as follows:

English 1.

French 1 or Beginners' German or Latin 1.

Mathematics 1.

Chemistry 1.

Biology 1.

Students in Nursing and Health are required to obtain a grade of 60 per cent. in either Biology or Chemistry, not both.

Upon the completion of the First Year in Arts and Science (Nursing Option) candidates should apply to the Registrar of the University, on or before August 14th, for admission to the Second Year in Nursing and Health.

Applications must be accompanied by a certificate showing that the applicant has satisfied the entrance requirements of an associated Hospital School of Nursing. Applicants must also, in the opinion of the Department of Nursing, be personally fitted for the profession: consequently, they should communicate with Miss Margaret E. Kerr, R.N., Department of Nursing, University of British Columbia, with regard to their intention of entering the nursing course.

The Faculty reserves the right of selection and admission of students entering the Second Year of the Combined Course. Preference will be given to applicants with the highest academic standing.

Applicants who are accepted by the Department of Nursing will be notified, and must make application for registration at once or lose their priority of acceptance.

No student with defective standing will be admitted to the Second Year in Nursing.

Candidates who expect to complete the requisite entrance standing through University or Senior Matriculation supplemental examinations must apply for admission as specified, and their admission will be considered subject to the results of these examinations.

COURSE LEADING TO THE DEGREE OF B.S.A. (BACHELOR OF SCIENCE IN AGRICULTURE)

This is a four-year course. By carefully selecting 30 units of work in the first two years of Arts and Science at the College, students may proceed to the University and complete the work for the B.S.A. degree in two years.

COURSES LEADING TO FORESTRY

In addition to the five-year course in Forest Engineering, offered in the Faculty of Applied Science, and leading to the degree of B.A.Sc., the University of British Columbia now offers, in the Faculty of Arts and Science, two courses by which the degree of B.A. (Bachelor of Arts) and B.S.F. (Bachelor of Science in Forestry) may be obtained in five years, also a course by which the degree of B.Com. (Bachelor of Commerce) and B.S.F. may be similarly obtained.

Students desiring to enter Forestry work through either of the above avenues of approach may complete their first year in the Faculty of Arts and Science at this College.

Students intending to pursue courses in Medicine, Home Economics, Law, Physical Education, etc., should obtain particulars of the requirements for these courses from the University or Institution at which they plan later to study.

NIGHT CLASSES

Special Night Classes in the First and Second Years of Arts are arranged at the beginning of each session. These classes are not open to students registered in the regular day classes. No student may take more than one Night Class Course (3 units) each session. Night Class students are subject to the same regulations and examinations as day students.

The classes to be offered in 1944-45 will be announced at the beginning of the session. Students interested should write for particulars about September 1st, 1944. The courses offered are chosen from the regular curriculum.

EXAMINATIONS AND ADVANCEMENT

1. Examinations in all subjects, obligatory for all students, are held in December and in April. Applications for special consideration on account of illness or domestic affliction must be submitted to the Registrar not later than two days after the close of the examination period. In cases where illness is the plea for absence from examinations, a medical certificate must be presented to the Registrar's office.

2. The passing mark will be 50 per cent. in each subject. The regulations governing admission to the Second Year of Applied Science are outlined on page 19 under the heading, "Courses Leading to the Degree of B.A.Sc. (Applied Science)." In any course which involves both laboratory work and written examinations, students may be debarred from examinations if they fail to present satisfactory results in laboratory work, and they will be required to pass in both parts of the course.

VICTORIAN

COLLEGE

3. Successful candidates taking at least 15 units of work will be graded as follows: First Class, an average of 80 per cent. or over; Second Class, 65 to 80 per cent.; Passed, 50 to 65 per cent.

4. A supplemental will be granted in a subject which a candidate has taken during the year, provided he has written the final examination and has obtained a mark of not less than 30 per cent. A candidate, however, will not be granted in any one year supplementals in more than 6 units.

Notice will be sent to all students who are entitled to supplemental examinations.

5. A request for the re-reading of an answer paper must be forwarded to the Registrar within two weeks after the results of the examinations are announced. Each applicant must state clearly his reasons for making such a request in view of the fact that the paper of a candidate who makes less than a passing mark in a subject is read at least a second time before results are tabulated and announced. A re-reading of an examination paper will be granted only with the consent of the Head of the Department concerned. The fee for re-reading a paper is \$2.00.

6. Supplemental Examinations will be held in September. A candidate who has been granted a supplemental may try the supplemental only once. If he fails in the supplemental he must either repeat his attendance in the course or substitute an alternative chosen in accordance with Calendar regulations.

A candidate with a failure or a supplemental examination outstanding in any subject which is on the Summer Session curriculum of the University, may clear his record by attending the Summer Session course in the subject and passing the required examinations.

7. Applications for supplemental examinations, accompanied by the necessary fees (see Schedule of Fees) must be in the hands of the Registrar by August 31st.

8. No student may enter a higher year with standing defective in respect of more than 3 units (see regulations in regard to advancement to Third Year Commerce, page 20, and in reference to Second Year Applied Science, page 19. No student who has failures or supplementals outstanding in more than 3 units, or who has any failure or supplemental outstanding for more than a year of registered attendance, shall be allowed to register for more than 15 units of work, these units to include either the subject (or subjects) in which he is conditioned or permissible substitutes.

9. A student may not continue in a later year any subject in which he has a supplemental examination outstanding from an earlier year, except in the case of compulsory subjects in the Second Year.

10. A student who fails twice in the work of the same year may, upon the recommendation of the Faculty, be required by the Senate to withdraw from the College.

11. Any student whose academic record, as determined by the tests and examinations of the first term of the First or Second Year, is found to be unsatisfactory, may, upon the recommendation of the Faculty, be required by the Senate to discontinue attendance at the College for the remainder of the session. Such a student will not be re-admitted to the College as long as any supplemental examinations are outstanding.

12. Term essays and examination papers will be refused a passing mark if they are noticeably deficient in English, and, in this event, students will be required to pass a special examination in English, to be set by the Department of English.

DEPARTMENT OF BIOLOGY AND ZOOLOGY

Assistant Professor: Jeffree A. Cunningham
Instructor: W. Gordon Fields

Biology 1—Introductory Biology.—The course is introductory to more advanced work in General Biology, Botany or Zoology; also to courses closely related to Biological Science, such as Agriculture, Forestry, Medicine and Nursing.

The fundamental principles of Biology; the interrelations of plants and of animals; life processes; the cell and division of labour; life-histories; relation to environment; dynamic biology.

The course is prerequisite to all courses in General Biology, Botany and Zoology.

A list of reference books is supplied.

Two lectures and three hours laboratory per week.
Three units.

Zoology 1—General Zoology.—A course on the structure, classification, life histories, and biology of animals.

This course is prerequisite to other courses in Zoology.

A list of references is supplied.

Prerequisite: Biology 1.

Two lectures and three hours laboratory per week.
Three units.

DEPARTMENT OF CHEMISTRY

Instructor: Edward J. Savannah

Chemistry A—General Survey of Chemistry.—This course will give a general survey of the field of chemistry for students not intending to specialize in any of the sciences. Laboratory experiments designed to give an insight into scientific methods will be performed.

This course will not be accepted as fulfilling the prerequisite for Chemistry 2, or any subsequent Chemistry course.

The course is open only to students who have not presented Physical Sciences for University Entrance.

Reference: Deming, **Fundamental Chemistry**, Wiley.

Two lectures and two hours laboratory per week.
Three units.

Chemistry 1—General Chemistry.—This course comprises a general survey of the whole field of chemistry, and is designed on the one hand to provide a thorough groundwork for further study in the sciences and on the other to give an insight into the methods of chemical investigation, the fundamental theories, and some important applications such as are suitable to the needs of a cultural education. Students must reach the required standard in both lecture and laboratory work.

Prerequisite: Physical Sciences of University Entrance or Chemistry A. Students who have not credit in Physical Sciences of University Entrance, nor in Chemistry A, must take, concurrently with Chemistry 1, the lecture work of Chemistry A.

Text-book: Richardson and Scarlett, **General College Chemistry**, Holt.

Three lectures and three hours laboratory per week.
Three units.

Chemistry 2—Qualitative and Quantitative Analysis.

(a) **Qualitative Analysis.**—A study of the chemical reactions of the common metallic and acid radicals, together with the theoretical considerations involved in these reactions.

Text: Noyes and Swift, **Qualitative Analysis**, Macmillan.

References: Engelder, **Calculations of Qualitative Analysis**, Wiley; Hammett, **Solutions of Electrolytes**, McGraw-Hill.

- (b) **Quantitative Analysis.**—This course embraces the more important methods of gravimetric and volumetric analysis.

Text-book: Willard and Furman, **Quantitative Analysis**, Van Nostrand; or Pierce and Haenisch, **Quantitative Analysis**, Wiley.

Prerequisite—Chemistry 1.

One lecture and six hours laboratory per week.
Three units.

DEPARTMENT OF CLASSICS

Assistant Professor: George P. Black

GREEK

Greek A—Pharr, **Homeric Greek, A Book for Beginners**, Heath; Robertson and Robertson, **The Story of Greece and Rome**, Chapters I.-XXXII, Dent.

Four hours a week. Three units.

Greek 2—Homer, *Iliad* 1, ll. 250-611, Pharr, Heath; Plato, **Apology**, with vocabulary, A. M. Adam, Cambridge Press; North and Hillard, **Greek Prose Composition**, Longmans; Norwood, **Writers of Greece**, Oxford Press.

Four hours a week. Three units.

LATIN

Latin 1 is open to students who have presented Latin for University Entrance or have taken the beginners' course; Latin 2 is open to those who have passed in Latin 1 or in Senior Matriculation Latin.

Beginners' Latin—This course is intended for students who have no previous knowledge of Latin. It is open for credit only to students who have not offered Latin for credit in University Entrance. The aims of the course include (1) a mastery of what is fundamental in Latin Grammar and Composition and the learning of a basic Latin vocabulary; and (2) a continuous correlation with English

—in a study of the origins and meanings of English words derived from Latin and of the structure of the English sentence. Frequent practice will be given in translating from Latin to English selected passages of a progressive nature dealing with Rome and the Romans. During the latter part of the year selections from Latin poetry will be read.

Text-book: Collar and Daniell, **First Year Latin**, revised by Jenkins, Ginn.

Text: To be announced.

Four hours a week. Three units.

1. Prose and Poetry of the Golden Age.—The course opens with the historian Livy's account of operations in Eastern Sicily during the Second Punic War; in the Second Term will be read selections from some of the representative poets of the late Republic and the early Empire. There will be practice in composition, and reading in the history of Rome.

Text-books: Marchant and Watson, **Latin Prose Composition**, Bell; Robertson and Robertson, **The Story of Greece and Rome**, Chapters XXXIII.-LIV., Dent.

Texts: Livy, **Book XXV.**, Monro, Oxford; **A Book of Latin Poetry**, Neville, Joliffe, Dale and Breslove, Macmillan.

Three hours a week. Three units.

2. Prose and Poetry of the Golden Age (Second Course).—Reading in some of the public addresses of Cicero and in the developed epic as represented by Vergil; a brief history of Greece.

Text-books: Robertson and Robertson, **The Story of Greece and Rome**, Chapters I.-XXXII., Dent; Allen and Greenough, **New Latin Grammar**, Ginn.

Texts: Cicero, **Catilinarian Orations**, Upcott, Oxford; Vergil, **Aeneid VI.**, Page, Macmillan.

Three hours a week. Three units.

DEPARTMENT OF COMMERCE

Assistant Professor: E. Stanley Farr

The courses in this department, with the exception of Commerce 5, are open only to candidates for the degree of B.Com.

1. **Fundamentals of Accounting.**—A study of the financial records of business and the modern methods of achieving financial statements. The course includes practice in bookkeeping, the development of special journals, the use of work sheets, preparation of statements and a consideration of partnership and corporation accounting.

Written assignments must be prepared for each class period, and in addition one or two model sets of accounts are handled during the course of the academic year. Owing to the continuity of the work in accounting, students who are more than two weeks late in registering will not be permitted to register in Commerce 1 without the permission of the instructor.

Commerce 1 is a prerequisite to all other courses in Commerce.

Text-book: Hatfield, Sanders, Burton, **Accounting Principles and Practices**, Ginn.

Four hours a week. Three units.

5. **Commercial Geography (Economics 10).**—A broad survey of the economic and geographic factors which lie behind the structure of business, with particular emphasis upon the North American continent. Reports are required of students.

Text-book: Klimm, Starkey and Hall, **Introductory Economic Geography**, 2nd edition, Harcourt, Brace.

Three hours a week. Three units.

DEPARTMENT OF ECONOMICS AND SOCIOLOGY

Assistant Professor: E. Stanley Farr

Assistant Professor: Sydney G. Pettit

ECONOMICS

Note.—Economics 1 is the prerequisite for all other courses in the Department except Economics 2 and Economics 10.

1. **Principles of Economics.**—An introductory study of general economic theory, including a survey of the principles of value, prices, money and banking, international trade, tariffs, monopoly, taxation, labour and wages, socialism, the control of railways and trusts, etc.

Text-book: Logan and Inman, **A Social Approach to Economics**, 1939, University of Toronto.

References: Fairchild, Furniss, and Buck, **Outlines of Economics** (2 vols.), 3rd edition, Macmillan; Garver and Hansen, **Principles of Economics** 1937, Ginn; **Canada Year Books**, Dominion Bureau of Statistics.

Three hours a week. Three units.

2. **Economic History.**—A survey of the factors of social and economic significance in the development of society from early times to the present day. Special attention will be given to the recent economic history of Great Britain and Canada.

Text-book: Heaton, **History of Trade and Commerce with Special Reference to Canada**, revised edition, Nelson.

References: Heaton, **Economic History of Europe**, Harpers; Knowles, **Industrial and Commercial Revolutions**, Dutton; Mantoux, **The Industrial Revolution in the Eighteenth Century**, Cape; Faulkner, **American Economic History**, Harpers; Innis, **Economic History**

of Canada, Ryerson; Currie, **Canadian Economic Development**, Nelson; **Canada Year Books**, Dominion Bureau of Statistics.

Three hours a week. Three units.

10. **Commercial Geography (Commerce 5).**—A broad survey of the economic and geographic factors which lie behind the structure of business, with particular emphasis upon the North American continent. Reports are required of students.

Text-book: Klimm, Starkey and Hall, **Introductory Economic Geography**, 2nd edition, Harcourt, Brace.

Three hours a week. Three units.

SOCIOLOGY

1. **Introduction to Sociology.**—The approach to the study of society is by way of the local community and its institutions. An evaluation of the importance of the geographic, the biological, the psychological, and the cultural factors in the determination of the rise, growth, and functioning of groups will be undertaken. There will be an attempt to discover fundamental principles and to trace these principles in their interrelations. Several of the problems resulting from group contacts will be studied.

Text-books: Ogburn and Nimkoff, **Sociology**, 1940, Houghton Mifflin; Pendell, **Society Under Analysis**, 1942, Cattell.

Three hours a week. Three units.

DEPARTMENT OF ENGLISH

Assistant Professor: H. Ruth Humphrey

Assistant Professor: William Robbins

1. (a) **Literature**—Elementary study of a number of literary forms to be chosen from the short story, the play, the novel, the essay, the simpler sorts of poetry.

Texts: Euripides, **Electra**, in Gilbert Murray's paraphrase; Shakespeare, **Julius Caesar**; Sheridan, **The School for Scandal**, Dent; Bernard Shaw, **Saint Joan**, Constable; Monro, **Twentieth Century Poetry**, Chatto and Windus; Short and Sewall, **Short Stories for Study**, Holt.

Two hours a week.

- (b) Composition—Elementary forms and principles of composition.

Text-book: Biaggini, E. G., **The Reading and Writing of English**, Hutchinson (England).

The work in composition consists of (1) themes and class exercises, and (2) written examinations. Students will be required to make a passing mark in each of these two parts of the work.

Two hours a week.

Three units.

2. Literature—

Studies in the history of English Literature. Lectures and texts illustrative of the chief authors and movements from Tottel's Miscellany to Shelley.

Text-book: Legouis, **A Short History of English Literature**, Oxford.

Texts: McCutcheon and Vann, **Anthology of English Literature**, Holt; Shakespeare, **King Henry IV., Part 1**, and **King Richard II.**; Jane Austen, **Pride and Prejudice**, Longmans (Pocket edition); Scott, **The Bride of Lammermuir**.

Three hours a week. Three units.

DEPARTMENT OF HISTORY

Assistant Professor: Sydney G. Pettit

1. **Main Currents in Twentieth-Century History.**—
This course completes the study of World History pursued in the high schools and offers a background for contemporary World problems. The following topics are discussed: The Great Powers at the Opening of the Century, Alliance and Entente, The Coming of the World War, The World War, The Peace Treaties, The New Map of Europe, Reparations and War Debts, Security and Disarmament, The League of Nations, The Russian Revolution and the U.S.S.R., Italy and Fascism, Germany from Empire to Third Reich, Post-War Britain and Democratic France, The New Balkans, The Little Entente and Poland, Nationalism and Imperialism in the Far East, The United States and World Peace, The Coming of the Second World War.

Text-books: Bennis, *Europe Since 1914*, Croits, or Langsam, *The World Since 1914*, Macmillan; Cole, *The Intelligent Man's Review of Europe Today*, Ryerson; Schmitt, *The Triple Alliance and Triple Entente*, Oxford.

Essays will be assigned throughout the Session.

Three hours a week. Three units.

2. **History of Canada** (offered in 1944-45 and alternate years).—

Geographical Factors; Exploration and Early Settlements; the French Regime; Constitutional Development, 1759-1867; Economic and Social Progress to Confederation; Development of the Dominion of Canada since 1867; Canada in the Commonwealth; Canada in the World.

Text-books: Wittke, *A History of Canada*, McClelland and Stewart; Currie, *Canadian Economic Development*, Nelson; Report of Royal Commission on Dominion-Provincial Relations, Book I., Canada, 1867-1939, King's Printer, Ottawa; Siegfried, *Canada*, Cape;

Wrong, **The Canadians**, Macmillan; Scott, **Canada Today**, Oxford; Sage, **Canada from Sea to Sea**, University of Toronto.

Essays will be assigned throughout the Session.

Three hours a week. Three units.

3. Canada West of the Great Lakes (offered in 1945-46 and alternate years).—

The Place of Western Canada in Canadian Development; Anglo-French Rivalry in the West; Struggle for Supremacy between the Hudson's Bay Company and the North-West Company; the Selkirk Settlement; Discovery and Exploration of the Pacific Coast; the Maritime Fur Trade; the North-West Company in British Columbia; the Western Department of the Hudson's Bay Company, 1821-70; Rivalries in Old Oregon; the Colonial Period of British Columbia; Confederation; the Riel Rebellion; the Rise of the New West; the Agrarian Movement on the Prairies; Development of the Province of British Columbia.

Text-books: Wittke, **A History of Canada**, McClelland and Stewart; Howay, **British Columbia, The Making of a Province**, Ryerson; Sage, **Sir James Douglas and British Columbia**, University of Toronto; England, **The Colonization of Western Canada**, King; Morton, **A History of the Canadian West to 1870-71**, Nelson; Sage, **Canada from Sea to Sea**, University of Toronto; Howay, Sage and Angus, **British Columbia and the United States**, Ryerson.

Essays will be assigned throughout the Session.

Three hours a week. Three units.

As copies of the text-books for the various courses in History are available in the College Library, purchase of such books by the student is optional. It is inadvisable for students to purchase text-books without first consulting the Instructor.

DEPARTMENT OF MATHEMATICS

Assistant Professor: Robert T. D. Wallace

1. **Introductory Mathematics.**—An elementary course in Algebra, including proportion, variation, logarithms, progressions, theory of quadratic equations, permutations, combinations, annuities, binomial theorem; Analytical Geometry, including the study of the straight line and circle, with an introductory study of the parabola, ellipse and hyperbola; elementary Trigonometry.

Text-books: Nowlan, **Analytic Geometry**, McGraw-Hill; Rider, **Plane and Spherical Trigonometry**, Macmillan; Hedrick, **Logarithmic and Trigonometric Tables**, revised edition, Macmillan.

Four hours a week. Three units.

2. **Algebra, Calculus and Geometry.**—Review of conics, study of polar co-ordinates, introduction to solid analytical geometry; induction, complex numbers, Horner's method, exponential, logarithmic and other series, undetermined co-efficients, partial fractions, convergence and divergence; introductory differential and integral calculus, with various applications.

Text-books: Nowlan, **Analytic Geometry**, McGraw-Hill; Nowlan, **College Algebra**.

Three hours a week. Three units.

3. **The Mathematical Theory of Investments.**—This course deals with the exponential law, the power law, curve fitting, the theory of interest, annuities, debentures, valuation of bonds, sinking funds, depreciation, probability and its application to life insurance.

Text-book: Hart, **Mathematics of Investment** (with tables), revised edition, Heath.

Reference: Bauer, **Mathematics Preparatory to Statistics and Finance**, Macmillan.

Three hours a week. Three units.

DEPARTMENT OF MODERN LANGUAGES

Assistant Professor: W. Harry Hickman

FRENCH

1. Text-book: Barton and Sirich, **New French Review, Grammar and Composition**, Crofts (1941).

Texts: **Types of the French Short Story**, edited by March, (Nelson); Molière, **Le Bourgeois gentilhomme**, Didier; **Les Cent meilleurs poèmes lyriques**, Gowans and Gray.

Considerable written work will be required throughout the course, as one of the chief aims will be to develop an ability to write correct French sentences.

Three hours a week. Three units.

Summer Reading

Upon entering the Second Year the student must satisfy the Instructor that he has read the following: Louis Hémon, **Maria Chapdelaine**, Fayard.

2. Texts: **Anatole France**, Nelson; **Balzac**, **Le Père Goriot**, Nelson; **Les Cent meilleurs poèmes lyriques**, Gowans and Gray. Independent reading to include **Balzac**, **Eugénie Grandet**; **Anatole France**, **Le Crime de Sylvestre Bonnard**, Holt; the author listed under **Summer Reading**; and other readings to be assigned later.

Composition in French based on the above texts. Much time will be devoted to practice in writing paragraphs and short essays.

There will be oral tests.

Three hours a week. Three units.

For Summer Reading for those proceeding to Third Year French, see Calendar of the University of British Columbia.

GERMAN

Beginners' Course.—Schinnerer, *Beginning German*, Macmillan; Durian, *Kai aus der Kiste*, Holt.

This course is open only to Applied Science students, and to students in the Second Year of Arts and Science.

Four hours a week. Three units.

DEPARTMENT OF PHILOSOPHY AND PSYCHOLOGY

Associate Professor: John M. Ewing
Assistant Professor: Sydney G. Pettit

PHILOSOPHY

Philosophy 1 is intended for two classes of students: first, those who contemplate specializing in Philosophy or Psychology either as Honours or as General Course students in their Third and Fourth Years; and second, those who wish a single course which will give in an untechnical way a statement and discussion of fundamental philosophical problems and thus assist them in their special studies in other departments.

1. **Introduction to Philosophy.**—The development of philosophy in the Western World, studied in its relation to other aspects of cultural history, with especial reference to cognate developments in literature, religion, politics and science. During 1944-45 the philosophical issues involved in the war will be discussed.

Text-book: Patrick, *Introduction to Philosophy*, revised edition, Houghton Mifflin.

Three hours a week. Three units.

PSYCHOLOGY

Psychology 1 is a prerequisite for all subsequent courses in Psychology.

- A. **Introduction to Psychology.**—The nature of psychology; understanding ourselves; adjustment to

college and life; learning and study; applications of psychology. Open to First Year students.

Text-book: To be announced.

Three hours a week. Three units.

1. **Elementary Psychology.**—Psychology as a science; the nervous system; sensation; perception; emotion; motivation; attention; learning; thinking; intelligence; personality. This course is introductory to courses in advanced psychology. Not open to First Year students.

Text-book: Dashiell, **Fundamentals of General Psychology**, Houghton Mifflin.

Three hours a week. Three units.

DEPARTMENT OF PHYSICS

Physics A—Introduction to Physics.—A course of demonstration lectures in non-mathematical language presenting the fundamental principles of physics so that they can be understood by students who have had no previous special training in the subject. The lectures deal with the principles of mechanics, properties of matter, heat, light, sound and electricity and are supplemented by practical work in the laboratory. The chief aim of the course is to give the minimum acquaintance with physical science requisite for a liberal education to those whose studies will be mainly literary. Students must reach the required standing in both theoretical and practical work.

This course is open only to students who have not presented Physical Sciences for University Entrance.

Text-book: White, **Classical and Modern Physics**, Van Nostrand.

Reference: Lemon, **From Galileo to Cosmic Rays**, University of Chicago Press.

Three lectures and two hours laboratory per week.
Three units.

Physics 1—Elementary Physics.—A study of general college physics suitable for those students who have obtained credit for Physical Sciences of University Entrance or its equivalent. The course covers the fundamental principles of mechanics, properties of matter, heat, light, sound, electricity and some of the more recent developments in physics in a more quantitative way than Physics A.

Prerequisite: Physical Sciences of University Entrance or Physics A. Students who have not credit in Physical Sciences of University Entrance, nor in Physics A, must take, concurrently with Physics 1, the lecture work of Physics A.

Text-book: Stewart, **Physics, A Text-book for Colleges**, Ginn.

Reference: Smith, **Elements of Physics**, McGraw-Hill.

Three lectures and two hours laboratory per week.
Three units.

TIME TABLE
Supplemental Examinations
September, 1944

Tuesday, September 5th—

9 a.m.—Biology 1; Economics 10.

1 p.m.—English 1a; English 2.

Wednesday, September 6th—

9 a.m.—Beginners' Latin; Latin 1; Latin 2.

1 p.m.—Chemistry A; Chemistry 1; Chemistry 2;
History 1.

Thursday, September 7th—

9 a.m.—Physics A; Physics 1.

1 p.m.—Beginners' German.

Friday, September 8th—

9 a.m.—French 1; French 2.

1 p.m.—Mathematics 1; Mathematics 2a; Greek A;
Greek 2.

Saturday, September 9th—

9 a.m.—English 1b; Zoology 1.

Monday, September 11th—

9 a.m.—Mathematics 2b; Mathematics 3.

1 p.m.—Economics 1; History 2.

Tuesday, September 12th—

9 a.m.—Economics 2.

1 p.m.—Psychology 1.

N.B.—In case of conflicts, special arrangements will be made.

SCHOLARSHIP WINNERS

1942-43

University and Royal Institution Scholarships for		
University Entrance for Victoria District—		
First Place	- - - - -	Iva Lisicka
Second Place	- - - - -	Gwendolyn M. Shaw
Victoria Women's Canadian Club Scholarships (from		
University Entrance)—		
(1) Winsome C. Smith	(2) G. Winslowe Hobson	
Cecilia Green Memorial Scholarship (from Univer-		
sity Entrance)	- - - - -	Frank A. Woodward
L. O. D. E. Bursary	- - - - -	Pamela C. Morley
Comox Consolidated School Board Scholarship		
- - - - -	- - - - -	William V. Lowry
Royal Institution and Frank Eaton Memorial		
Scholarship	- - - - -	James W. Harvey
Alliance France Libre Prize	- - - - -	James W. Harvey
David Spencer, Limited, Scholarship	- - - - -	Mildred Edmonds
Kiwanis Scholarship	- - - - -	Donald L. Holms
Quita Nichol Bursaries—		
(1) Donald C. McLeod.	(2) Joyce A. Harman.	
(3) Mildred Edmonds, by reversion to John		
G. Darling.		
University Women's Club Scholarship		
- - - - -	- - - - -	Jean K. Gray
Kathleen Agnew Scholarship	- - - - -	Daphne Syson
Hudson's Bay Company Scholarship	- - - - -	John S. Church
Sidney Roofing and Paper Company Scholarship		
- - - - -	- - - - -	Gerard R. Wyatt
The Canadian Legion, B. E. S. L. (Victoria, B. C.),		
Sir Percy Lake Memorial Scholarship	- - - - -	John H. Syrett
The British Columbia Electric Railway Company,		
Limited, Scholarship—	- - - - -	Thomas K. Naylor
The British America Paint Company Scholarship		
- - - - -	- - - - -	Philip A. Molloy
Book Prizes for excellence in Biology I		
- - - - -	- - - - -	Donald L. Holms; Jean K. Gray
Book Prizes for excellence in Zoology I		
- - - - -	- - - - -	Gerard R. Wyatt; Garth L. Waither; James Hatter
Slide Rule Prizes for excellence in Science		
John G. Hannan; Lancelot C. Lake; Thomas K. Naylor		
Book Prize for excellence in Psychology I		
- - - - -	- - - - -	Douglas T. Kenny
Book Prize for excellence in Latin 1		
- - - - -	- - - - -	Phillip A. Molloy
Book Prize for excellence in Latin 2		
- - - - -	- - - - -	Barbara A. Smith
Book Prize for excellence in Greek A		
- - - - -	- - - - -	Elizabeth J. Hutton
Book Prize for excellence in Beginners' German		
- - - - -	- - - - -	Gerard R. Wyatt
Leader of the First Year		
- - - - -	- - - - -	Donald L. Holms
Leader of the Second Year		
- - - - -	- - - - -	Gerard R. Wyatt

LIST OF STUDENTS IN ATTENDANCE

Session 1943-44

FIRST YEAR

*First Term only.

Ainscough, Ralph E.....	Victoria, B.C.
Alexander, Douglas G.....	Cobble Hill, B.C.
Allen, Ella K.....	Victoria, B.C.
Anderton, Viola B.....	Victoria, B.C.
Anketell-Jones, Susan	Duncan, B.C.
*Atkins, Maurice A. W.....	Victoria, B.C.
Aubry, Ralph A.....	Comox, B.C.
Baker, Suzette M. L.....	Victoria, B.C.
Beale, Barbara B.....	Victoria, B.C.
Bell, Doreen C.....	Victoria, B.C.
Bethune, Winona J.....	Victoria, B.C.
Bolton, Jane E.....	Prince Rupert, B.C.
Boorman, Marjorie G.....	Victoria, B.C.
Bosdet, John D.....	Victoria, B.C.
Bracewell, R. Murray.....	Victoria, B.C.
Bridgman, Rosemary M. W.....	Victoria, B.C.
Bryson, William T. St. G.....	Victoria, B.C.
Burnyeat, J. Peter.....	Nanaimo, B.C.
Butcher, Jack I.....	Victoria, B.C.
Butcher, Pamela A.....	Royal Oak, B.C.
Butters, Marguerite C.....	Victoria, B.C.
Cameron, Donald G.....	Victoria, B.C.
*Carrier, Desmond W.....	Tod Inlet, B.C.
Carter, Margaret J.....	Victoria, B.C.
Castran, Peter	Victoria, B.C.
Chalmers, Alan B.....	Victoria, B.C.
Chandler, Peter B.....	Victoria, B.C.
Chung, Lillian B.....	Victoria, B.C.
Clark, Beverley M.....	Victoria, B.C.
Clark, Peter J. S.....	Victoria, B.C.
Clearihue, Joyce G.....	Victoria, B.C.
Cook, M. Elizabeth.....	Victoria, B.C.
Courtney, Lois M.....	Victoria, B.C.
Crawford, James S.....	Victoria, B.C.
*Curbishley, Beryl E.....	Oliver, B.C.
Dean, Daphne M.....	Victoria, B.C.
d'Easum, Edlin M.....	New Westminster, B.C.
Dickinson, June	Victoria, B.C.
Dorman, H. Jean.....	Saanichton, B.C.
Drader, Florence B.....	Victoria, B.C.
Dryburgh, Nora A.....	Victoria, B.C.
Duplain, Alfred A.....	Victoria, B.C.

Eccleston, Nathaniel C.	North Wellington, B.C.
Ellison, William E.	Victoria, B.C.
Fleming, Thomas K.	Victoria, B.C.
*Forrest, Ian M.	Victoria, B.C.
Forster, Ian B.	Victoria, B.C.
Francis, M. Blanche	Victoria, B.C.
Francis, Sheila V.	Victoria, B.C.
Frewing, Joan M.	Victoria, B.C.
Fulton, J. Blair	Victoria, B.C.
*Gaskell, Hugh T.	Royal Oak, B.C.
Gilmer, J. E. Nevin	Victoria, B.C.
Girvin, P. Elizabeth	Victoria, B.C.
Goodwin, Donald E.	Victoria, B.C.
Grant, J. Ronald	Victoria, B.C.
Gray, Walter J.	Victoria, B.C.
Griffin, James R.	Victoria, B.C.
Hadland, Edith A.	Baldonnel, B.C.
Hampton, Robert W.	Victoria, B.C.
Hanson, Mary V.	Saseenos, B.C.
Harrison, Frances E.	Victoria, B.C.
Harrison, Paul H.	Victoria, B.C.
Hick, W. Bernard M.	Victoria, B.C.
Hobbs, Barbara J.	Victoria, B.C.
Hobson, G. Winslowe	Victoria, B.C.
Holmes, David C.	Victoria, B.C.
Holmes, Elizabeth R.	Victoria, B.C.
Horne, Ian M.	Victoria, B.C.
Hovelaque, Josephine Y. M.	Victoria, B.C.
Hudson, John A.	Victoria, B.C.
Humble, S. Christine	Victoria, B.C.
Hurford, Herbert A.	Courtenay, B.C.
James, Frieda L.	Victoria, B.C.
Janes, C. Douglas	Victoria, B.C.
